Native Plants

Plant Native

www.plantnative.org/nd_or.htm

You can find a list of native plant nurseries (retail and wholesale) in Oregon.

Corvallis Plant Materials Center Publications

www.nrcs.usda.gov/wps/portal/nrcs/publications/plantmaterials/pmc/west/orpmc/pub/

The Corvallis Plant Materials Center has published documents to solve specific resource conservation needs, and has fact sheets on several native plants.

Northwest Native Plant Guide – King County, WA

<https://green2.kingcounty.gov/gonative/Index.aspx>

Provides a native plant database, landscaping plans, how to articles, and more.

The Oregon Flora Project

www.Oregonflora.org

The mission of the Oregon Flora Project is to serve as a comprehensive resource for the vascular plants of Oregon that grow without cultivation, and to foster effective use of this knowledge by all citizens.

Native Plants for Willamette Valley Yards

<https://www.oregonmetro.gov/native-plants-willamette-valley-yards-booklet>

A booklet containing information for over 100 native plants in the Willamette Valley. Use the plant descriptions and icons to find the “right plant, right place” for your garden

The Portland Plant List

<https://www.portlandoregon.gov/bes/article/473164>

A comprehensive list of both Native and Nuisance Plants. Also contains plant community information.

Invasive Plants

Marion County Weed Control District

www.co.marion.or.us/PW/ES/weeds/

Marion County Weed List

www.co.marion.or.us/PW/ES/weeds/weedlist.htm

Oregon Garden Smart

www.pnw-ipc.org/docs/gardensmartguide.pdf

An excellent guide featuring native and ornamental plants you can use in your garden to replace plants known to be invasive.

Oregon Department of Agriculture Noxious Weed Control Program

www.oregon.gov/oda/programs/weeds/pages/aboutweeds.aspx

To Report Invasive Species:

Oregon Invasives Hotline: www.oregoninvasiveshotline.org

iMapInvasives: www.imapinvasives.org

King County WA Noxious Weed Control

www.kingcounty.gov/environment/animalsAndPlants/noxious-weeds.aspx

Identify and learn about weeds and invasive plants—most species on the King County weed list are the same as weed species in Oregon. Good information on control of invasive plants.

Pollinators

The Pollinator Partnership Planting Guides

www.pollinator.org/guides

Provides detailed information on choosing plants that will support pollinators. Each guide focuses on a different region, providing information for most of the U.S.

Xerces Society

www.xerces.org

The Xerces Society is a nonprofit organization that protects wildlife through the conservation of invertebrates and their habitat

Fact sheets: www.xerces.org/fact-sheets/

Identification and monitoring guides: www.xerces.org/publications/identification-guides/

Native Plants for Pollinators—Salix and Associates

www.salixassociates.com/resources.html

Salix and Associates is an ecological consulting company based in Eugene. Their resource page contains several documents about native plants for native pollinators: Top 20 list of native host plants and nectar plants for butterflies, list of native host plants and butterflies, native pollinator plant bloom time table, native pollinator plant list

Soil

Web Soil Survey

websoilsurvey.sc.egov.usda.gov/App/HomePage.htm

Improving Garden Soil with Organic Matter

extension.oregonstate.edu/polk/sites/default/files/MG_Handouts/ec_1561_improving_garden_soil_with_organic_matter.pdf

Unlock the Secrets of Your Soil

www.nrcs.usda.gov/wps/portal/nrcs/main/national/soils/health/

Some of our favorite Phone Apps:

The **SoilWeb** app provides GPS based, real-time access to USDA-NRCS soil survey data. The app is available for iPhone and Android users, and Google Maps and Google Earth also interface with this application.
